

D.K.C NIPUNA GOMES

TECH LEAD

Colombo, Sri Lanka | dkcnipunagomes@gmail.com | +94 77 2422 777 | [linkedin.com/in/nipuna-gomes](https://www.linkedin.com/in/nipuna-gomes)

SUMMARY

High-impact Technical Lead with over 10 years of experience delivering scalable, fault-tolerant enterprise solutions in Fintech and eCommerce. Expert in driving architectural evolution—migrating legacy monoliths to high-performance Microservices utilizing Clean Architecture, CQRS, and Redis caching.

A hands-on leader who bridges the gap between engineering and product goals. AWS Certified Solutions Architect (Associate) with proven track record in establishing rigorous technical standards, optimizing 99.9% system uptime, and improving code maintainability by 60%. I specialize in scaling engineering culture through technical mentorship, high-level resource planning, and data-driven Agile delivery, maintaining an 80% success rate in developer performance coaching.

TECHNICAL SKILLS

- **Architecture:** Microservices, RESTful APIs, Event-Driven Architecture
- **Languages:** C#, JavaScript, SQL, HTML5, CSS3
- **Frameworks:** Next.js, React, Node.js
- **Cloud & DevOps:** AWS (EC2, S3, Lambda), Docker, Jenkins, Git, Terraform
- **Databases:** MySQL, MS SQL

PROFESSIONAL EXPERIENCE
